Value Proposition

The Global Offshore Brazil Summit addresses the impact of Brazil’s transformation to a more competitive market led by multiple Global Operators which will drive long-term growth in the world’s most prolific Deepwater arena. Success in Brazil relies on understanding and cooperation among Operators and the Supply Chain, and requires a firm understanding of the current regulatory and financial environment. The summit is comprised of multiple interactive Panel Sessions over two full days discussing the Strategy, Finance and Technology needs of the international marketplace, with a particular focus on assessing and strengthening the Deepwater Supply Chain. Attendees will gain comprehensive knowledge of Brazil’s challenges and opportunities in addition to unrivaled networking activities.
